

INCENTIVE PROGRAM RULES

Money Mentors is having a financial literacy contest to encourage Albertans to learn how to manage their money and take control of their financial future. When you successfully complete an online course, your name will automatically be entered for a \$500 monthly draw. Each online course completed adds your name to a ballot for a chance to win \$500. Draws will be made each month to announce the lucky winner. The more courses you complete, the greater your chances of winning.

To learn if you are eligible to participate in this contest, please be sure to review the rules below.
